

PRESS RELEASE

19th May 2017

17th Polish-American Conference on Science and Technology

The 17th Polish-American Conference on Science and Technology will be held in Columbus, Ohio, USA from the 30th until the 31st of May 2017. The conference will be hosted by the Ohio State University.

The 17th Polish-American Conference on Science and Technology is a forum for cooperation for science and technology development. It brings together high-ranking scientists and engineers from the United States and Poland who are engaged in the idea of building cooperation and strengthening Polish-American ties. The organizers of the annual conference are the Institute of Aviation in Warsaw and the Ohio State University in Columbus, Ohio, USA.

The purpose of the 17th Conference is to exchange ideas and to strengthen cooperation between Polish and American partners in the area of innovation and high technology.

The Ministry of Economic Development took the honorary patronage over the conference. Witold Słowik, the Undersecretary of State at the Ministry of Economic Development will give an opening speech.

The Institute of Aviation will be represented among others by professor Witold Wiśniowski, the Director of the Institute of Aviation, professor Roman Domański, the Chairman of the Scientific Council of the Institute of Aviation and professor Piotr Wolański.

The conference program has been divided into six plenary sessions: Advances in Aeronautic Technology, Electric Propulsion, Defense, Advanced Manufacturing, Space Technologies and Aerospace Workforce Development.

Representatives from major aviation, armaments and technology companies such as General Electric, Pratt&Whitney and the NASA Glenn Research Center will attend this year's edition. The Polish side will be represented by the Institute of Aviation, the Polish Armaments Group and the Warsaw University of Technology.

The strategic partner of the conference is the Polish Armaments Group. The conference is sponsored by GE Aviation and Pratt&Whitney.
